

Dulyfix

Self-Adhesive Non-Slip Waterproof Protective Dust Sheet

Product Information :

The Multiplast Dulyfix self-adhesive non-slip waterproof protective dust sheet is the ultimate floor protection for construction & renovation.

Protect your floors with our self-adhesive, non-slip, and waterproof protective dust sheet, specially designed for stairs and dry hard floors. Whether you're painting, renovating, or working on a construction site, this durable covering keeps your surfaces safe from dust, impacts, and debris.

BENEFITS

SELF-ADHESIVE
WATERPROOF
REUSABLE
IDEAL FOR DRY AND HARD FLOORS

Technical features:

- SELF-ADHESIVE AND NON-SLIP: Stays securely in place, ensuring a stable and safe work environment.
- WATERPROOF AND IMPACT-RESISTANT: Shields floors from spills, dust, splinters, and moderate mechanical stress. Perfect for a traditional worksite on dry floors.
- IDEAL FOR STAIRS, DRY AND HARD FLOORS: Perfect for renovations and high-traffic areas with moderate mechanical stress.
- PREMIUM DOUBLE-COATED STRUCTURE: Topside waterproof protective layer for ultimate durability and underside in polyester fibers with a non-slip coating for maximum grip.
- HEAVY-DUTY AND REUSABLE: Made from high-quality materials to withstand demanding conditions in a handy format and reusable for future work.
- SEGMENT: Suitable for both professionals and individuals.
- Size: 3.28 ft (width) x 82.02 ft (length)

Applications:

Protect your floors with our self-adhesive, non-slip, and waterproof protective dust sheet, specially designed for stairs and dry hard floors. Whether you're painting, renovating, or working on a construction site, this durable covering keeps your surfaces safe from dust, impacts, and debris.
