

Dulyfix

Self-Adhesive Breathable Protective Dust Sheet for Floors

Product Information :

Protect delicate and moisture-sensitive floors with the Dulyfix Self-Adhesive Breathable Protective Dust Sheet. Specially designed for freshly laid, porous, or moisture-sensitive surfaces, it combines strong protection with a breathable structure that encourages the evaporation of vapors and solvents. Perfect for construction and renovation projects requiring safe coverage just 72 hours after floor installation.

BENEFITS

SELF-ADHESIVE

WATERPROOF

NON-SLIP

REUSABLE

IDEAL FOR FRESHLY LAID & POROUS FLOORS

Technical features:

- BREATHABLE & MOISTURE-COMPATIBLE: Encourages the evaporation of vapors and solvents, making it safe for use on freshly laid or moisture-sensitive floors.
- SELF-ADHESIVE & NON-SLIP: Stays securely in place, ensuring safe passage even under moderate to heavy foot traffic.
- WATERPROOF & IMPACT-RESISTANT: Shields floors from spills, dust, debris, and mechanical stress.
- IDEAL FOR POROUS & FRESHLY LAID FLOORS: Provides reliable site protection after only 72 hours of drying.
- DOUBLE-LAYERED CONSTRUCTION: Breathable and plasticized topside + self-adhesive underside for maximum grip.
- REUSABLE & HEAVY-DUTY: Durable non-woven PET synthetic fiber designed for demanding worksites.
- TECHNICAL SPECS:
 - Thickness: 1.8 mm
 - Weight: Approx. 160 g/m²
 - Color: Blue
 - Size: 3.28 ft (width) × 82 ft (length) ≈ 269 sq. ft coverage

Applications:

Protect your floors with our self-adhesive, breathable protective floor covering, non-slip, waterproof and reusable. Specially designed for moisture-sensitive surfaces, it encourages the evaporation of vapors and solvents while shielding your floors from dust, spills, and mechanical stress. Whether you're renovating, finishing a new installation, or working in high-traffic areas, this durable and reusable sheet provides reliable site protection after only 72 hours of drying.
